

CAREER OPPORTUNITIES

IMV Mustang Atlantic and Technip Canada are joining forces to develop a significant topsides project delivery capability in St. John's, Newfoundland. In the first instance, IMV Mustang Atlantic/Technip wish to establish the availability of Newfoundlanders and Labradorians and other Canadians to work in their St. John's office, with, dependant on position, the potential for short term secondment to our project office in Houston for training and integration.

If you wish to register your potential interest in joining a world class oil and gas facilities delivery team committed to the province of Newfoundland and Labrador, and have relevant experience in the following discipline areas, please forward your resume to HR@IMVMustangTechnip.com. Please mark your resume with the appropriate job code reference.

Your Interest will be treated in the strictest confidence.

The following experience levels will be considered in each discipline: Lead (> 10 yrs); Senior (>7 yrs) and Intermediate (> 3 yrs).
